

# VIKING COMPARISON CHART

## High quality aluminium boxes conquering the world

Shielding precious cargo is a task that Vikings have always approached with determination and resilience. Like these mighty warriors of the past, who fearlessly navigated treacherous seas and conquered formidable obstacles, we are ready to take on any challenge that comes our way. With dedication and a commitment to excellence, each aluminium box assures you that your valuable cargo will reach its destination intact and in the most secure manner possible.

### Shielding your precious cargo

Vikings, taking the world by storm and up for the task regardless of the challenges. Always making sure your precious cargo reaches its destination intact. We believe we have a strong case.

### Resisting all weather conditions

Rugged boxes that are built to last through any circumstance. No matter the weather, they live up to your expectation and bring your valuables home safely.

### Super strong, like a Viking

Viking boxes come with all the typical Scandinavian characteristics. They're sturdy, robust and have great overall functional design features.

### Excellent price quality ratio

Vikings are perfectly suited for heavy duty industrial requirements. They protect your sensitive and fragile equipment, yet at a competitive price and customizable.

## VIKING

Viking	Interior dimensions	Exterior dimensions
DEF-VIK-001	350x250x310 mm	390x290x350 mm
DEF-VIK-003	550x350x220 mm	590x390x260 mm
DEF-VIK-004	550x350x310 mm	590x390x350 mm
DEF-VIK-005	550x350x380 mm	590x390x420 mm
DEF-VIK-009	750x350x310 mm	790x390x350 mm
DEF-VIK-010	750x550x380 mm	790x590x420 mm
DEF-VIK-011	750x550x580 mm	790x590x620 mm
DEF-VIK-012	1150x750x480 mm	1190x790x520 mm
DEF-VIK-015	850x450x350 mm	890x490x390 mm

NB The interior dimensions of the cases are 25 mm smaller at the base profile.

## ZARGES

Zarges	Interior dimensions	Exterior dimensions	Weight
Eurobox 40700	350x250x310 mm	400x300x340 mm	3,0 kg
